Luxury at the best price

HOLZA®
Kitchens & Cabinets

Welcome

Welcome to the exciting new world of Holza®.

A world of unlimited possibilities and designs
even
to the most demanding tastes.

We are proud to be using only the best quality of
materials.

Holza® cabinets are constructed out from
European made materials, chosen from carefully
selected world wide international reputed
suppliers, giving the finished product longevity
and endurance through years of heavy use.

All **Holza®** components are conform to the strict
latest European norms of health and safety.

All our MDF is of sustainable wood from
sustainable forests.

Very strict quality control procedures and our
latest machinery transforms the best materials in
the product of your dreams.

Holza®. Beauty everlasting.

Luxury at the best price.

Why Holza...

Holza® gives a 5 year guarantee covering any manufacturing defects.

Safe and Resistant systems with unique finishes and top quality materials!

Wood range:

Our Medium Density Fibre boards come all from Spain or Italy, from suppliers that care about your health, safety and of course the environment. MDF fabricated under strict quality control with a range of high quality melamine that would convince the most expert discerning natural wood lovers.

All our High Pressure Laminates are from Lamicolor® in Italy, They meet or exceed the performance requirements of the European National Standards EN 438:2005. FSC and PEFC certified on request.

All our big range of hinges, soft closing or not, carry a lifetime warranty from Salice® in Italy.

Holza® 's lacquered gloss doors are from Spain or Germany with a finish that is unmatched and carries a five years warranty.

All our exposed screws are made of stainless steel 304.

Adjustable legs and skirting are made in Italy by Scilm® from thermoplastic and are self extinguishing, chemical and mechanical long term resistant.. Leg can carry up to 400 kg each.

Camar® Hanging system from Italy. World leader in the design and production of technical fittings for the furniture industry.

Edge bands are applied with the latest machinery with PUR holt melt adhesive from Germany making them impossible to delaminate.

And a lot more, always from the best in Europe, transformed in Dubai under a strict, constantly updated, quality control internal system, with constantly one thing in mind "The best for our customers..."

Accessories are all made in Italy by Vibo®. The steel products have a protection of five layers; matt nickel, acid copper, semi-gloss nickel, gloss nickel and chromium a total of 35 microns, resisting salt tests equivalent to more than 10 years of corrosion-proof. All that with a breath taking range.

Aluminum range:

The wall thickness of all aluminum sections varies from 1.0 to 2mm conforming to Din 1748 in 6063 alloy hardened to T6 tempered.

For the wood finish, all the door fronts and the visible external sides of the cabinets are finished with the famous Decoral® quality procedures, material and process; a guarantee for the looks and the quality of the finish.

Only stainless steel screws and aluminum pop rivets used.

All the plain Ral colors, doors or profiles are coated with a 100% polyester powder, minimum 60 microns, guaranteed for shade variations, fade-out and corrosion for a period of ten years.

At Holza® we comply with the strictest European standards.

5 Years Warranty

TERMS AND CONDITIONS OF WARRANTY

***Holza®** is produced through normal process, with the best material from reputable international suppliers that have stringent quality control procedures. It is being exported all over the world. Finmat considers its suppliers as a very important part of the chain starting with them and ending with customer service.*

*If you should experience any problem with your **Holza®** product, please contact your local Distributor / Dealer from which you made your purchase. If you are still unable to resolve the problem, please call our headquarters on the number listed on the back.*

*Holza® expressly warrants to the purchaser any of our **Holza®** products and will repair or replace such product(s) if it fails during the first 5 years after installation solely due to manufacturing defect. This warranty only applies to **Holza®** product(s) which is transported, stored, handled, fabricated and installed in the manner recommended in the fabrication and Installation procedure.*

***Holza®** is not responsible for damages caused by failure to follow recommended procedures for transportation, storage, handling, fabrication or installation.*

***Holza®** does not cover abuse and misuse of our products by the end user.*

*This warranty is not transferable or assignable. Any purchaser of **Holza®** intending to insert or assert a claim under this warranty, should write to Holza® Head Office or contact us.*

***Holza®** obligation hereunder is limited to the repair or replacement of product(s) installed hereunder; including reasonable and necessary labour charges.*

***Holza®** is not responsible for loss or damage.*
